Business Insights

Best performing product

Sustainably Crown Organic Lg leads with \$21,152 across 4,453 units sold.

Worst performing product

Dark chocolate trails the range at just \$755 — review pricing, placement or delisting.

Highest revenue month

Jun delivered \$166,486, the strongest trading month in the current view.

Lowest revenue month

Feb was softest at \$76,145 — a natural window for promotional activity.

Peak shopping time

09:00-11:59 is the busiest window with \$220,162 and 46,075 orders.

Highest performing store

Hell's Kitchen tops the network at \$236,571, ahead of Astoria by \$4,267.

Weekend vs Weekday

Weekdays generate \$503,586 vs \$195,225 at weekends — weekday commuters drive the business.

Day-part comparison

Morning \$220,162 · Breakfast Rush \$168,127 · Afternoon \$122,990

Recommendations

Increase stock

Raise inventory cover for Sustainably Crown Organic Lg and Dark chocolate Lg — stockouts here cost the most revenue.

Promote underperformers

Bundle Dark chocolate with a top seller or feature it at the counter to lift slow-moving lines.

Discount slow periods

Run a timed offer during 18:00-20:59, the weakest trading window at \$65,669.

Staff for peak hours

Add cover around 09:00-11:59 to protect service speed when 46,075 orders land.

Focus marketing spend

Coffee contributes 38.6% of revenue — anchor campaigns here.

Loyalty in quiet periods

Offer double loyalty points on Packaged Chocolate outside peak hours to smooth demand across the day.
